The Magazine of Southwest Living

JANUARY 2006

REGIONAL ROUNDUP

OLD DOORS, NEW PURPOSE

In the spirit of recycling and conserving natural resources, La Puerta Originals of Santa Fe has been salvaging antique doors from around the world since 1992, transforming them into custom doors, furniture, gates, shutters and cabinets. La Puerta Originals starts the new year in an 18,000-square-

foot building located on Highway 14 near the I-25 bypass. The new site houses a manufacturing facility as well as an indoor showroom with a design center and library featuring more than 10,000 images of finished projects. Call (505) 984-8164 for more information, or visit www.lapuertaoriginals.com.

Out and About
